Zoltan Varady, Prof.Dr.

This legendary venous conference premiered in 1985 and has since evolved to host people from 47 different countries on its last occasion.

It was initiated by Prof. Varady, one of the founders of minimally invasive venous surgery.

Prof. Flor is going to take this event to Austria for the first time ever, hosting it in the futuristic Novotel right next to Vienna's main train station, in the middle of the new Quartier Belvedere.

Alexander Flor, Prof.h.c.Dr.

The first day will feature Viennese as well as European speakers, giving their talks on minimally invasive venous surgery 2020, state of the art.

For this we are pleased to invite all of our Viennese colleagues, making it the perfect opportunity for local businesses to present their products.

The second day will be focused on international guests, featuring speakers from all over the world.

This conference will not just be an exciting, innovative event in one of the capitals new hotspots, it is also the perfect opportunity to experience the metropolis that is Vienna in the season it shines the most.

Friday, May 15th

	Registration, Breakfast	
09:00-10:30	Minimally Invasive Venous Surgery, State of the Art	
	In this lecture we want to give our Colleagues from Vienna & Austria (General Practitioners & Specialists) an overview of modern minimally invasive venous Surgery and give them the opportunity to visit the Industrial Exhibition.	
	Management of Chronic Venous Insufficiency	Eberhard Rabe GERMANY
	Endolaser treatment in combination with Miniphlebectomy	Uldis Maurins LATVIA
	Principles of miniphlebectomy acc. to Prof. Várady	Zoltán Várady GERMANY
	Interventions on the deep veins: what can be done	Florian Wolf AUSTRIA
	Lymphatic Problems and treatment plans at an Austrian University hospital	Christine Radtke GERMANY/AUSTRIA
10:30-11:00	Coffee Break, Exhibition, Registration	
11:00-11:30	PM Opening & Welcome , Presentation of the Industry	
	Welcome, Introduction, Explanation	Alexander Flor AUSTRIA
	Quality in Medicine	Werner Fischl PremiQaMed AUSTRIA
	Vienna welcomes you	Guest of Honor
	Presentation of the Industry	Alexander Flor AUSTRIA
11:30-13:30	Session 1: Endovascular Techniques: Presence and Future	
	Wavelengths, fibres or way of procedure performance for successful laser ablation? Lessons learned from 18 years of experience.	Uldis Maurins LATVIA
	Laser Crossectomy with radial fiber in 10000 cases	Petar Dragic SERBIA
	Thermal vs non thermal ablation who is the winner ? (myths, proclamations and facts..)	Frantisek Zernovicky SLOVAKIA
	Innovations in endovenous ablation	Johann Ragg GERMANY

	m Glue - efficiency and safety issues	Tomasz Urbanek POLAND
	Endovascular techniques, what the future brings	Lisa Amatangelo USA
	20 years of Thermal Ablation (how to avoid complications) or Difficult Vein: Treatment Options to Anatomical Variants - Complex Case	Lowell Kabnick USA
	Long term results (8 years+) after initial ELVeS Radial laser therapy.	Giorgio Spreafico, Patrizia Parvei ITALY/ GREAT BRITAIN
13:30-14:30	Lunchbreak, Exhibition	
14:30-16:00	Session 2: Diagnostic and Treatment Concepts for Minimally Invasive Venous Surgery	
	Minisurgical concept - combined therapy - treatment plan	Zoltán Böhm GERMANY
	Tumescence Anesthesia and sedation for modern VV Treatment	Horst Peter Steffen GERMANY
	Miniphlebectomy according to Várady's method as the mother of aesthetic phlebology	Jaroslav Kalemba POLAND
	FOAM Sclerotherapy vs. Miniphlebectomy	Javier Serralde MEXICO
	Strategy and logic of varicose veins treatment	Denis Borsuk RUSSIA
	HIFU (High Intensity Focused Ultrasound) in the treatment of varicose veins - early results and potential of this new non-invasive technique	Mark Whiteley GREAT BRITAIN
16:00-16:30	Coffee Break, Exhibition	
16:30-17:30	Session 3: Lymphology, Skin	
	Lymphovenous anastomosis; an overview	Christine Radtke GERMANY/AUSTRIA
	Proximity of nerves and lymphatic vessels to the superficial veins on the leg	Erich Brenner AUSTRIA
	Ulcus cruris - Myth or treatable	Ullrich Peter Katz GERMANY
	Dermatologic manifestations of venous disease	Felizitas Pannier GERMANY

17:30-18:30	Poster Presentation, Poster Price	
	Endoveonus failure treatment. What to do?	Nora Sanchez MEXICO
	EVLТ combined with miniplebectomy according to Varady in elder patients with cardiac and/or other organs' failure	Marek Glinka Poland
	Sclerofoam assisted endovenous Laser Therapy- a hybrid approach	Sebastian Mathew AUSTRIA
	Preservation versus thermal ablation of the incompetent great saphenous vein in varicose veins treatmen	Ihar Ihnatovich BELARUS
18:30-19:00	Festival Lecture: Milestones in Phlebology	Lisa Amatangelo USA
19:30-22:30	Dinner: History of the Congress	Zoltán Várady GERMANY

Saturday, May 16

08:30–10:30	Session 4: Deep veins, postthrombotic Syndrom	
	Postthrombotic syndrome avoidance in post ATTRACT and post CAVA era	Tomasz Urbanek POLAND
	Diagnosis in postthrombotic syndrom	Florian Wolf AUSTRIA
	Pulmonary embolisms: are we sure about the mechanisms?	Olga Porembskaya RUSSIA
	Endovenous laser coagulation in the treatment of varicose pelvic disease or PCS.	Larysa Chernukha UKRAINE
	Post thrombotic syndrom and varicose veins, what should we know ?	Frantisek Zernovicky SLOVAKIA
	Foam Sclerotherapy in Varicose veins secondary to Pelvic Reflux	Zeh Gonzalez CHILE
	Is There a Need for a Deep Venous Valve?	Lowell Kabnick USA
10:30–11:00	Coffee Break, Exhibition	
11:00–13:00	Session 5: Aesthetic Phlebology, Sclerotherapy	
	Spiderveins: treatment by Sclero& Lasertherapy	Felizitas Pannier GERMANY
	Sclerotherapy: Tips and Tricks	Imre Bihari HUNGARY
	Vulvar and scrotal VVS treatment	Aleksandra Jaworucka POLAND
	Treatment of periorbital Veins	Matvey Parikow RUSSIA
	Combination of minisurgery, micro incisions and sclerotherapy in treatment of teleangiectasias	Zoltán Böhm GERMANY
	Treatment of unwanted veins of the hand and forearm	Alexander Flor AUSTRIA
	Foot vein sclerotherapy	Aleksandra Jaworucka POLAND
	Veinlite and Syris V900 for better results in Sclerotherapy	Rüdiger Damisch AUSTRIA
13:00–14:00	Lunchbreak, Exhibition	
14:00–16:00	Session 6: Best Results in Phlebology	

	EVLA with 1940 nm and radial fibres. Advantages of new wavelength.	Uldis Maurins LATVIA
	Gender Disparities in Medicine (Phlebology) and the Effect on Outcome	Lisa Amatangelo USA
	Simultaneous use of multiple endovenous techniques to achieve clinical and aesthetic results	Shoaib F Padaria INDIA
	Treating Venous ulcers with ablation therapy especially foam	Philipp Hertzmann USA
	Should foam sclerotherapy be used as an adjunct to endovenous thermoablation to improve outcomes? Results of a 2 year retrospective study	Mark Whiteley GREAT BRITAIN
	High resolution ultrasound - the key to understand vein disease	Johann Ragg GERMANY
	Similarities and controversies in global guidelines	Sergio Giancesini ITALY
	10 years results after varicose vein ablation procedure.	Thomas Noppeney GERMANY
16:00–16:15	Coffee Break, Exhibition	
16:15–17:15	Session 7: Hemodynamics Thrombosis Venous Insufficiency	
	VTE: Treatment with Heparin or Fondaparinux during pregnancy, Treatment of Thrombophlebitis	Holger Kiesewetter GERMANY
	Increasing compression compliance in compliance challenged areas - A call to industry...	Malay Patel INDIA
	The new guidelines for treatment of CVD and new scientific proofs about MPFF` s efficieny, combined with venous procedures	Eberhard Rabe GERMANY
17:30–17.45	Final Words - End of the Congress	Alexander Flor AUSTRIA

VIC Vienna

Date: May 15-16, 2020

Location

Novotel Wien Hauptbahnhof
Canettistraße 6
Austria - 1100 Wien

Congress venue
